

**Prof. Aparna Khanna**  
**Department of Development Communication and Extension**

Prof. Aparna Khanna has been involved in teaching, training, research, and advocacy for development issues for the last thirty years. She teaches courses at UG and PG level. Using the human centered design approach, she develops training modules and innovative communication tools and strategies, including traditional games and storytelling methods for dialoguing change.

Her research focuses on assessing SBC tools & strategies, ICTs, social media, and training programs. She has done projects with UNICEF, UNFPA, and the Election Commission of India. She is associated with several NGOs. She is on the Board of the Richmond Fellowship Society, Delhi; RAHAT, Delhi; and Aseem's Educational and Charitable Trust, Delhi. Presently, she is the Co Lead for the Center for Social and Behaviour Change, a technical hub supported by Unicef at Lady Irwin College.

She has several publications and Copyrights to her credit. She is co-founder of the Campaign for Mental Health (C4MH). She strongly believes in and advocates the 3L model- Life Skills, Literacy, and Library for sustainable community development.
