

Enhancement of Professional Capacity

There are different Enhancement of Professional Capacity (EPC) courses in B.Ed. programmes which helps in enhancing the professional capabilities of the students. The followings are the EPCs

- a) EPC-Art, Craft and Aesthetics
- b) EPC-Critical Understanding of ICTs in Education
- c) Understanding Communication
- d) Yoga

The EPC has been designed to giving weightage to discover for oneself new abilities, whether limited or superior, to walk in fresh paths of self-expression and to feel life is a never-ending adventure.

EPC-Art, Craft and Aesthetics- It focuses on developing understanding of art, its relation with life and its experiences. It is may give pupil teacher a brighter outlook, develop independent decision making, develop the attitude to explore and experiment; opportunity to commune with oneself, express oneself fearlessly with originality, develop standalone spirit, experience peace and joy within self; inculcate the value of non- verbal expression and inward self-sufficiency.

EPC ICT providing practical experience and reflective engagement on critical issues related to Information and Communication Technologies in a workshop mode through presentations and seminars around selected readings.

EPC Understanding Communication provides the scope for the enhancing communication and writing skills among the student teacher.

EPC Yoga helps to understand the process of stress management and how we can lead healthy and prosperous life through yoga education.
