The Entrepreneurship Cell at Lady Irwin College serves as a dynamic platform for aspiring entrepreneurs, fostering innovation, collaboration, and real-world business exposure. We empower students by providing hands-on experience in leadership, strategic thinking, and venture creation. Through engaging workshops, mentorship sessions, and industry interactions, we bridge the gap between academic learning and entrepreneurial success.

Our annual flagship event, **WAGANZA**, spans two days and features the **E-Summit**, where top corporate leaders, CEOs, entrepreneurs, artists, and influencers share their insights and experiences. The event also includes **E-Spree** a business plan competition. In addition, we host **STARTUP'XPO**, an event designed to promote startup culture, offering students internships and invaluable exposure to emerging ventures.
